Sir:

Applicant wishes to complete the record in the present application by making of record a telephone interview conducted on February 11, 2005 in the present application.

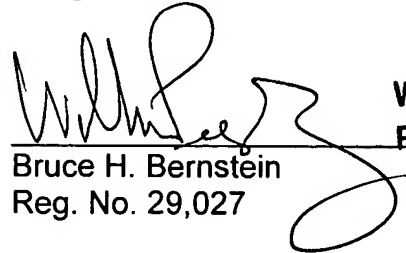

During the above-noted interview, the Examiner suggested certain changes be made to the claim language and Applicant's undersigned representative agreed to make such changes. Applicant wishes to point out that the changes introduced by the Examiner's Amendment do not narrow the scope of the claims, and thus do not give rise to any file wrapper estoppel.

The Examiner is respectfully thanked for his initiative in contacting Applicant's representative to make the above-noted changes and for his efforts in promptly passing the present application to allowance.
